Are leeches **single use only**? **YES**

Leeches are recognised to be "a single use biological needle and pharmaceutical micro factory" manufacturing a balanced complex of bioactive compounds in unique combination. The most valuable substances are produced by its salivary glands - about 200 enzymes: hirudin, hyaluronidase, collagenase, and more. **Leeches are used only once and then disposed in a safe environmental manner.**

What is Leech Therapy **helpful with**?

The Leeches remove the impact of the electromagnetic and nuclear fields (use of any gadgets) and congested stasis to restore normal blood and lymph circulation, innervation, and general body energy balance. Leech therapy has shown very positive results in a **FEMALE AND MALE** health, stroke and heart conditions, patients with pain disorders, Dementia, Alzheimer's, Thrombosis, Varicose, Glaucoma, Psoriasis, Eczema, Pimples, Abscesses, Swelling, Alopecia, Sexual Health improvement, Insomnia, Depression, Anxiety, and various skin disorders. It is helpful as systemic method for chronic diseases, also extremely effective as the First Aid accident help.

Is Leech Therapy **SAFE**? **YES**

Leech Therapy performed by our **SAFE GRCCT registered PRACTITIONERS** is a Blood Purification Therapy which is helpful in letting the toxic blood out of the body. The duration of one session is approximately 25-45 min. During this process, medicinal Leeches are used to suck the impure blood out and release certain enzymes in the blood which are supportive in increasing the immunity as well as the healing power of the body.
